

Lighted glass tiles free Easter motif

Embroidery Tips:

Read all the instructions carefully:

- Hoop fabric - taut but not overstretched. It all depends on the fabric being used. Fabrics such as velvets, velour and other napped fabrics will be damaged by the hoop and will work better adhered to a sticky stabilizer.
- Always use the best quality fabrics, stabilizers (thicker fabrics need less stabilizer) and suitable needles.
- Ensure that the embroidery needle is still in a good condition.
- Jumps have been limited to a minimum. I recommend trimming any jumps before continuing with embroidery as some color stages are lighter on top and will show through. Some motifs are really small and those threads will be difficult to trim once it is complete.
- Before removing the hoop from the machine ensure
