

Slits & Sleeves 2: Roses

Embroider Tips:

Read all the instructions carefully:

- **Hoop fabric - taut but not overstretched**
- **Always use the best quality fabrics, stabilizers and suitable needles**
- **Always start with a new thin needle (75)**
- **Jumps have been limited to a minimum. I recommend trimming any jumps as you progress.**
- **Always stitch a sample using the same fabric and thread as for the project.**
- **WSS – water soluble stabilizer**
- **Always print a template of design to be used. This makes planning, positioning & placement so much easier.**
- **Please pre-wash and iron the garment or fabric before starting the project**
- **No suitable for thin, sheer fabrics**
