

This is the perfect rag doll to make for your daughter and another for her best friend. The dolls are modern but still so girly. Although the dolls are made almost the same, it is just the front and back parts that are different to make it a complete new outfit. Most of the parts are made in the hoop. Hoop sizes from 5x7"

Zoë and friend

Finished size - 17 ½" (45cm)
5x7" doll's legs are slightly shorter

Best friend free motif.

This motif was designed to embroider on your child's friends's pj's, a t-shirt, pillow slip or a facecloth and towel as a special gift to her. Change it into a patch to sew onto a jacket front or pencil case.

This was designed for a medium weight knitted fabric.

Please use clear water soluble stabilizer as a topper and cut away stabilizer when it is stitched on any knitted or toweling fabric.

Embroidery tips

- Always use the best quality embroidery products including needles, stabilizer and embroidery thread.
- Ensure that you stitch the last step of a design, one tends to forget it and remove the embroidery from the hoop. This can easily happen when you still need to stitch flower centers.
- Using metallic thread for the scroll detail is optional.
- Always use a metallic needle, 80/12. Stitch at a slower speed and cover the reel with the net supplied with your machine. Loosen the top tension slightly and remember to change it back to normal again.
- After unzipping the set in a new folder onto your laptop or pc, *please refresh the folder*
- Refer to your machine manual to clean and oil your machine after each project
- *Very important!! Pre-wash and shrink all of the fabrics.*

I use Marathon embroidery thread in basic bright pastel colors. Please change to the colors of your project.

1. baby blue - font - best friends
2. bright green - scroll with leaves
3. medium pink - satin flower and heart detail
4. bright pink - flower shading with forever wording
5. bright yellow - flower center

Enjoy!
Louisa
